POLITICS.

Clatsop politics are wide open, according to the noise. Regattas, Fourth of Julys, entertaining traveling men and everything else is forgotten. Republicans have been put on their metal by the howling Democrats and their cohorts. It is known that there is no danger, but it is not proper even to permit falsehoods to get abroad sufficient to reduce the majority. Even a close call by the enemy will do the Northwest harm. Republicans are in the saddle and are there to stay as long as they give the clean and successful administration that has been given for the past number of years, and the men who run the country have no reasonable show to get in.

The papers of the East are voicing the sentiment of the people of that country in stating that the whole country is looking to Oregon, because she is the first to fire the gun of 1902. Her election will tell whether the people of this state are in favor of abandoning the Philippines and repudiating the work done by the present administration, or going back into the chaos left us by Grover Cleveland and attempted to be carried out by the boy orator, Bryan.

It cannot be. The people of Oregon are intelligent. They have the interest of the state at heart. Clatsop county generally does right. Would she disgrace herself in the eyes of the rest of the state and the world? Who is raising the howl against Republicans? The Clatsop county people know, if Furnish was fluent on the stump,

they would say that he is a "sick duck." Since he is a business man and a man deep in thought and intelligence, they say he is not an orator and cannot make a pyrotechnic speech. The enemy must find fault. It is a part of his business. But let Clatsop county spot the old mongrel gang and do her duty, and all will be safe.

The insinuating squibs of their newspapers are too vague to even consider. Up with the party of the people and down with the gang in disguise.

The committee on the regatta has been unanimously signed its report against the hope of having a regatta this season. A canvass of the subject among the citizens elicits all kinds of comment. A great number, in fact every one, seems favorable to having a regatta, but a large number does not think that it will pay to spend the amount necessary to have a successful regatta. When the statement was first made that the regatta would probably be abandoned this year it brought forth a storm of opposition, but sentiment has undergone a great change. It is claimed that the people have been called upon to aid in so many enterprises, and are expected to aid in so many more, that it may be necessary to permit the regatta to lie over for one season. The matter will be taken up, however, and fully discussed by the people and the proper decision will be made in the future. Politics are now absorbing too much interest to get the people down to a thinking basis, but after June 2 the political questions will have been settled and the people will get down to business. The regatta is not yet abandoned, neither is it an assured fact this season.

The influence of the royal chinook salmon has always been felt in the commercial world since its entry into the channels of trade, but the hit it made in the United States senate the other day was most remarkable. With one large specimen, prepared by the chef in the national capitol, Senator Mitchell succeeded in gaining two important points in the United States senate. He had had these measures in mind for several days and expected opposition, but before introducing them he succeeded in getting a recess by the senate for a few minutes and the senators joined him in feasting on a royal chinook from the Columbia. Immediately on returning to the senate, while the senators were picking their teeth, Mr. Mitchell called up his questions and they went through without opposition. Their gratitude to the Oregon senator for the royal feast was too much, even for the grave and dignified senators to oppose him.

Citizens of Astoria do not realize the beauties and wonders surrounding them, by reason of constant contact with them. It takes the visitor to drink them in and go away and tell it. Every visitor to Astoria at this season of the year is an advertisement for the place, for no one can come and see and enjoy and go away without telling it. Any enterprise that brings visitors to Astoria is a valuable aid to the place. Give us Fourth of July celebrations, regattas and everything that brings visitors to Astoria.

"Our state is so large, and our resources and interests are so varied, that we naturally clash in making laws to cover all," said Mr. Williamson in his speech last night. "In the legislature each representative and senator represents his own constituency to the best of his ability, but if elected to congress my constituency will be the whole people of Oregon and I will know no section in the state above the other."

Dr. Pierce's Favorite Prescription
Doubles a Mother's Joys and Halves Her Sorrows.

It does this by a pre-natal preparation in which the mother finds herself growing stronger instead of weaker with each month. Instead of nausea and nervousness, there are healthy appetite, quiet nerves, and refreshing sleep. The mind's content keeps pace with the body's comfort. There is no anxiety, no dread of the approaching time of travail. When the birth hour comes it is practically painless, the recovery is rapid, and the mother finds herself abundantly able to nurse her child.

"Favorite Prescription" contains no alcohol, neither opium, cocaine, nor any other narcotic.

Sick women are invited to consult Dr. Pierce by letter free of charge, and so obtain without cost the advice of a specialist in the diseases peculiar to women. All correspondence strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Mrs. Annie Baker, Co. Catherine Street, Syracuse, N. Y., writes: "Your medicine has done wonders for me. For years my health was very poor. I had four miscarriages, but since taking Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery' I have much better health, and now I have a fine healthy baby. I have recommended your medicine to several of my friends and they have benefited by them."

Dr. Pierce's Pleasant Pellets cure dizziness and sick headache.

CANCEROUS ULCERS

develop sometimes from very trifling causes, and when and where you would least expect them. A boil, or abscess, burn, blister, wart, tumor, mole, or the simplest little pimple may be the beginning point of a malignant, frightful looking Cancerous Ulcer.

Apparently there is no difference between a Cancerous and Common Ulcer when they first make their appearance, and for this reason every ulcer, no matter how insignificant or harmless it may seem, and all slow healing sores should excite suspicion and cause alarm, particularly if any of your ancestors ever had Cancer, or you have good reason to think your blood is impure; for the sore, after all, is only the outgrowth, the external evidence of polluted blood, and nothing can check its progress until the cancer tainted, vitiated blood has been purified. All efforts to heal the ulcer by means of salves or other external remedies will result in failure, for such treatment can have no possible effect upon the deadly germs and morbid matter that form in the blood and are carried through the circulation to the sore.

MOTHER, TWO AUNTS, AND ONLY A SMALL SORE CAME ON THE INSIDE OF HIS LIP. WOULD SCAB OVER, BUT NOT HEAL.

I had a Cancer on my left breast, which caused me great pain for three or four years. At times the pains were deep and shooting. The ulcer discharged yellow and rather offensive matter. I had given up all hope, as the doctors gave me no relief.

My mother, two aunts and an only sister died of Cancer of the breast, and I am satisfied that I, too, would have been gone but for S. S. S. I felt some better after the first bottle, and after using only seven bottles, was cured. This was several years ago but have seen no signs of the Cancer since. I would urge all who are suffering from the disease to give S. S. S. a trial.

Belton, Mo. Mrs. J. M. Cassell.

About the first of February, 1899, I noticed a small lump on the inside of my lower lip. It annoyed me considerably, the doctor cauterized it and in a few days it dropped off, but shortly after another came and broke into an open sore, and in spite of the large number of remedies I tried, it would not heal. I then went to another, and he gave me something to put on the sore, saying if it did not cure he would cut the sore out. I used his medicine, but received no benefit. I decided a blood purifier was what I needed, and began to take S. S. S. The ulcer was growing rapidly, with some pain and a crawling, creeping feeling. At first S. S. S. seemed to make the sore worse, but this soon changed, and after I had taken seven bottles the place healed entirely. My general health improved and I am as well now as ever and no signs of the disease have been seen since.

Hollands, S. C. W. P. Brown.

Mr. Jno. Massie, Owensboro, Ky., writes: "About three years ago a blister came on the right side of my nose. It grew steadily, inspite of all efforts to heal it; the pain was not very severe at first, but increased when the sore began to inflame and discharge matter. At times the place would scab over and appear to be getting well, but the scab would drop off, leaving a red, angry looking ulcer. I had almost despaired of ever curing the Cancer when my attention was called to S. S. S., and after taking a few bottles the Cancer began to gradually grow smaller, the discharge stopped, and I was relieved of the terrible disease."

Cancerous Ulcers can be reached only by a remedy that acts upon and through the blood system, and this is just what S. S. S. does. It goes to the fountain head of the disease, and drives out the germ producing poisons which cause the ulcer, and purifies and builds up again the deteriorated blood. This is the only true and logical treatment for sores of this character.

By the use of S. S. S. the ulcer is supplied with pure, strong blood, which quickly allays the inflammation and forces out all the irritating poisons, and allows the sore to heal naturally and permanently. S. S. S. acts also as a tonic, and where the constitution has become debilitated and weakened, it restores vitality and strengthens the nervous system, and helps the appetite and digestion. S. S. S. contains no Mercury, Potash or other minerals, but is guaranteed purely vegetable.

Those having a chronic ulcer or sore of any kind that is slow in healing, whether located upon the body or internally, will receive medical advice and such special information as they desire free of cost. Book on Cancer and Other Diseases of the Blood sent free.

THE SWIFT SPECIFIC COMPANY, ATLANTA, GA.

It is well that political campaigns do not come around every year. People get enough of them even every two and four years. With all of the disgusting things connected with a campaign, still the people seem to enjoy it for the time. Mad one day, happy the next, and disappointed the next, and final defeat for one side in the end, is the whole story in a nutshell.

Flattery is one thing and praise is another.

TRAVELING IS DANGEROUS.

Constant motion jars the kidneys which are kept in place in the body by delicate attachments. This is the reason that travelers, trainmen, street car men, teamsters and all who drive very much suffer from kidney disease in some form. Foley's Kidney Cure strengthens the kidneys and cures all forms of kidney and bladder disease. Geo. H. Hausan, locomotive engineer, Lima O., writes, "Constant vibration of the engine caused me a great deal of trouble with my kidneys, and I got no relief until I used Foley's Kidney Cure." Startling proof of a wonderful advance in medicine is given by druggist G. W. Roberts, of Elizabeth, W. Va. An old man there had long suffered with what good doctors pronounced incurable cancer. They believed his case hopeless until he used Electric Bitters and applied Bucklen's Arnica Salve, which treatment completely cured him. When Electric Bitters are used to expel bilious, kidney and microbe poisons at the same time this salve exerts its matchless healing power, blood diseases, skin eruptions, ulcers and sores vanish.
